during active rental

Active rental detail
during active rental, after bike unlocked

Tapping a station name in either map or list view navigates to the station detail view.

Tapping Hourly or Daily rental option buttons leads to a confirmation screen if a credit card exists, or to a credit card entry screen if not.

PIN code entered in a kiosk with a 9-key pad, which unlocks a bike at the station. (Not shown--this would work like a luggage locker.)

There's no "I'm Done" action. Locking the bike at any station ends the rental.
